EGO

Your ego is a mental organ that functions in the structure of our personality creating emotions in our lives.

Your ego hides behind opinions that have the appearance to be in truth.

Your ego generates deceptive powerful emotional reactions and blames us or others for how it makes us feel.

The ego produces a false sense of protection based upon events of the past that establishes an opinion of present and future events. A false sense of protection simply because ego can not predict the future nor establish any basis on an event being in truth. This emotional reaction is not from your spiritual self but rather from your flesh physical brain/mind that can be manifested by your senses. With your ego not being able to predict the future and its basis is from the past, how can that be any assurance of correctly seeing a present situation or a future event?
Isn't that why we have faith and trust in God?

And grieve not the holy Spirit of God, whereby ye are sealed unto the day of redemption. Eph 4:30

If you are "sealed" with the Holy Spirit of God, what is the need for your ego to "protect" you or lead you into false thoughts?
Every created soul is no different then the next other then in personality-conscience. God's love is always the same in any given instance or situation no matter what loves or evils are manifested in the mind or from the senses.
The understanding is in knowing that Creation is in the truth and goodness and all of Creation is linked together and have equal importance no matter what the "mind" thinks and the senses "feel".
Think past the weakness of the flesh-mind-ego unto the truth of your created spirit-soul knowing that God did not create some flawed soul that seems to think it needs to protect itself. (Gen.3-5)
